

Nov 7th - 13th, 2016

Please use the above filters to see your tasks. Or, [show all](#)

You can change the date to look at any week.

Download the app and never need to filter again

Or search for 'SMHW' in the App/Play Store on your mobile device

You do not need to log in to find a homework – clicking 'Show All' will show you all the homeworks that have been set, and all that are due in during the week.

In this example, the only homework you can see has been set for Year 7 – I filtered for the year group

You can find class codes for your child/children in their planners, or by looking at the timetables in the School Gateway

Boxes that are not coloured show that the homework is due in on this date.

Filled colour boxes show that the homework has been set on that day.

The number in the circle tells you how many days there are until the due date.

Double clicking on any box will then show you the details of the homework and allow you to download / view any attachments or resources.
