

TOP PERFORMER

Malmesbury School is one of the top performing comprehensives in the country, as demonstrated by its excellent A-level results this summer

This school is simply wonderful' is how one parent described Malmesbury School, and it is typical of the many positive comments we continue to hear from our parents and the local community.

This academic year has started very well for Malmesbury School, as we welcomed a large Year 7 cohort from the surrounding area.

This summer's A-level and GCSE results were excellent, confirming the school as one of the top performing comprehensives in the country. Our performance at A-level and GCSE is consistently very strong and we have a proud history of academic excellence matched by exceptional artistic and sporting achievements.

Once again, a large number of our students leaving the sixth form secured places at the best Russell Group universities, as well as top apprenticeships. We are a truly comprehensive school with excellent pastoral support for our students.

The school is continually recognised

nationally for much of its work, and most recently it was awarded the Career Mark Gold and the Science Mark Platinum Awards for its exceptional work with our young people. Malmesbury School prides itself for being a happy, caring and excellent school, that enables all students to thrive.

We look forward to meeting you and showing you around our wonderful school where:

"The quality of teaching is remarkably high."

"Relationships are excellent and high levels of respect are apparent between students and staff."

"Robust assessment procedures ensure that any students identified as underachieving have swift intervention with individually tailored programmes that enable them to "catch up" quickly and to make progress in line with their capability."
