Friday 19 December 2025	School Closes at 12.30pm

**REMINDER: There is a TD Day on Monday 5 January 2026. All students return to school on Tuesday 6 January 2026.**

## SCHOOL NOTICES

### PARKING LOCALLY

Please can parents/carers be mindful of local residents when dropping off their child at school. Please be respectful of private property, ensuring that you are not blocking the driveways of local residents. Thank you for your support.

### UNIFORM REVIEW UPDATES

We are pleased that the trial changes to the uniform policy - the choice between the blazer and jumper - seem to have been received positively by students. We will look to make a final decision before January and will update you then. Can I remind parents that despite some shops marketing their trousers as school wear, some of the skinny trousers sold do not adhere to our policy of no skin-tight trousers that look like leggings. If your child genuinely does not have the correct uniform item because it is damaged, lost or out of action, please can you contact the school so we can issue a temporary red card; this ensures that we know you are aware of the uniform issue. As the weather is currently cold and wintry, please also encourage your child to bring a suitable coat to school (no hoodies) that they can wear around the site.

### ATTENDANCE

As you are aware all dips in attendance are rigorously followed up by the school to ensure we have a clear picture of every child's attendance pattern and we can support with any issues that they may be having. Like all schools we currently have a lot of winter illness to contend with so clear communication from you is always welcome please if your child is off school with illness.

### YEAR 9 ART

Below are some photos of the current exhibition of Year 9 students work at the North Swindon Library. Students are currently completing a module on their 'Environment'. It includes Year 9 Art club work, where they responded to the title of 'Message in a Bottle'. The sculpture of recycled bottles at the front was produced by all students, the bottle having to include a message saying their hopes for the future of their environment. The students also produced some stencilling work which is on the back of the boards.

The Exhibition runs until the week beginning 16 December 2025.
